Cost for Apple Macintosh and software are the responsibility of the student.

Payment Schedule

Students must pay for one half the total by the first day of classes. Total fees must be paid in full by the beginning of the second week of classes. Non-payment can result in the student being dropped from all classes.

For an additional \$25 fee the student can enroll in a three-installment payment plan. Under this plan students pay the \$25 fee with 1/3 of the tuition by the first day of class and then are able to make two equal payments to complete the balance. The first is due at the beginning of the third week of classes. The second is due at the beginning of the fifth week of classes.
